

U. S. MAY SEND TROOPS TO IRELAND

Wilson Admits American Army Could Be Used To Shoot Down The Irish

STEEL MEN TO STRIKE ON MONDAY

(By Associated Press) PITTSBURGH, Sept. 18.—The national committee for organizing iron and steel workers, issued a statement this morning that, having failed to obtain a conference with the United States Steel corporation, the only hope of the men is to strike on Monday morning, September 22.

The statement refers to the letter of John Gary to the subsidiary companies in the United States Steel corporation in which he said he did not receive representatives of the men because that would have been a recognition of the closed shop and also that the committee was not authorized to speak for a large number of employees. The committee says the closed shop is not an issue and was dropped in by Gary as a bugaboo. The statement alleges the committee was representative and a strike is the only way to convince Gary that they are true.

CARLOAD SUGAR REACHES RENO

A carload of sugar was received yesterday morning by the Reno Grocer company and was at once distributed to retailers.

That ended two weeks' shortage in the Reno sugar market, though it filled only about 50 per cent of the orders now in the grocer's hands. Incidentally, there is not going to be any more shortage, said W. H. Simmons, president and manager of the Reno Grocer company, this afternoon.

"There will be plenty of sugar coming along from now on as it is needed," said Mr. Simmons, "and there is not the slightest occasion for any hoarding. The people should be told not to hoard. The situation is just this—there is plenty of raw sugar in the country, but the refineries had to fill their canneries first. That is done and the refineries are now busy meeting all their orders. The new beet sugar will be ready for the market pretty soon—in a few days—and then there will be a good supply. The orders on the refineries came with a rush when the consumers saw that the price would remain stable. Hence the trouble. But it is all passed by now."

"The point should be emphasized, however, not to hoard. It is not necessary."

FREIGHT HANDLERS WILL VOTE ON STRIKE

(By Associated Press) LOUISVILLE, Sept. 18.—Two hundred thousand members of the railroad and steamship freight handlers have been ordered to take a strike vote to enforce demands by the brotherhood on the railroad administration, August 18.

BRUSH FIRES BURNING.

LOS ANGELES, Sept. 18.—Two timber brush fires are still out of control in the Angeles and Santa Barbara national forests.

CANADIAN MAIL TRAIN ROBBED \$75,000 TAKEN

(By Associated Press) QUEBEC, Canada, Sept. 18.—Five men bound and gagged the mail clerk on the Canadian National railway near Hahaka and robbed the mail car of \$75,000 in silver and paper. The money was being shipped from Montreal to Halifax.

STARVING OUT FIUME REBELS

(By Associated Press) PARIS, Sept. 18.—Italy is throwing a naval military cordon around Fiume, which still is held by the Gabriele D'Annunzio forces. Food supplies are reported running lower. An effort is being made to close the avenues by which supplies could be taken into the city, and thus force a surrender of D'Annunzio forces. It is indicated that D'Annunzio men are entrenched and prepared to defend. It is said if they cannot hold the city they will destroy it.

FRENCH TIGER GROWING WEARY

(Correspondence Associated Press) LA TRANCHE, VENDEE, France. General Clemenceau arrived here the other day in search of peace and quietness. The premier looked as if he needed rest and there was nothing suggestive of the "Tiger" as he descended from the dusty automobile which had borne him from Paris to the sea. He appeared old and worn and tired and heaved a sigh of relief as he sat on an old wooden bench in the shady garden of the villa Philippe, wiped the perspiration from his brow and enjoyed the ocean breeze.

The premier does not like public functions and probably the only one of the past few months, excepting those of the retirement of Alsace-Lorraine, at which he did not appear bored, was the Victory day parade. He has lost none of his good humor, however, and when asked how he had enjoyed the trip from the capital, replied:

"Somewhat tiresome, but the country is so beautiful. Yesterday we visited several chateaux on the Loire. I should have enjoyed greatly having a little sleep at Nantes but the crowd, after midnight, commenced to accede and cheer me under my very windows at the Central hotel. What a funny idea."

Accompanied by a couple of old, weather-beaten fishermen, the premier of France went for a stroll along the beach, speaking with them in the dialect of the province.

TWELVE STATES REPORT PRICES GOING DOWN

(By Associated Press) WASHINGTON, Sept. 18.—The department of justice has received reports from twelve states indicating a decrease of 10 to 15 per cent in food prices since the fair price committee began work.

MAY DOFF UNIFORMS.

(By Associated Press) LONDON, Sept. 18.—An order has been promulgated permitting British army and naval officers, when off duty, to wear "muffi," or civilian clothing.

GIRL DIES FROM POISON.

Ada Wheeler, aged sixteen years, died at three o'clock Sunday morning at the Carson Indian School hospital. Death was the result of poison taken when the girl was apprehended at Gardnerville, a week ago Wednesday, after an attempt to escape from the school.

COBALT MINERS RESUME WORK NEWGARD SAYS HE IS INNOCENT

Cobalt miners have returned to work after having been on strike since July 23, having agreed to terms offered by the mine operators. Hereafter the minimum rate of pay will be \$4 a day based on silver at 80 cents an ounce with 25 cents additional for each 10 cents an ounce above that price, making the minimum wage \$4.75 a day for laborers. Skilled men, pump men and hoist men receive an extra 50 cents a day.

The id is on strike at Tonopah now and will remain clamped down, according to Attorney General Fowler, who returned this morning from the camp after spending three days there, says the Reno Gazette.

"The state police and local authorities are co-operating now in enforcing the law," said Fowler, "and there will be no need of appointing a deputy attorney general there, as I see it now. The situation is now quite the same as it was at Elko, but the law was not enforced in Tonopah and the need for tightening up was apparent."

"We received several complaints of infractions of the prohibition law but in no single instances were we able to secure witnesses. The people who made the complaints would not appear as witnesses and under the circumstances there was no chance to secure a conviction."

Newgard, of the state police, who was arrested a few days ago on a charge of false imprisonment made by Frenchy McNord, who was deported from the camp, will be brought before the grand jury, according to the attorney general, and the jury will be asked to indict him.

Newgard is prepared to establish an alibi and declares that he was not out of Tonopah on the night McNord was taken to Goldfield and started on his way to Bishop. McNord is now in Bishop, but will return to Tonopah, he called. The attorney general has his deposition. McNord was unable to identify any of the other four men who, he said, were in the automobile when he was deported.

"The strike situation is muddled up," said Mr. Fowler, "and nothing will be done until the governor returns from the coast. I expect he will open up further negotiations when he returns, but what he is prepared to offer in the way of a settlement I don't know. It is hard to tell what the outcome of negotiations will be during the next two weeks."

WILSON WARNS POLICE AGAINST PROPAGANDA

(By Associated Press) WASHINGTON, Sept. 18.—President Wilson has telegraphed to the local city government that organization of the police forces of the country to bring pressure against the public should not be "countenanced or permitted."

The telegram was read before the senate committee considering the resolution of Senator Myers, democrat, of Montana, which shut off the pay of the Washington police as long as the members were of the recently organized union.

The telegram says it is desirous of dealing with the police in just as generous a way, but "think any association of police at the capital or any other great city whose object is to bring pressure on the public or community such as will endanger public peace or embarrass the maintenance of order should in no case be countenanced or permitted."

STEAMER MISSING WITH THOUSAND PASSENGERS

(By Associated Press) NEW YORK, Sept. 18.—The Spanish passenger liner Valparaiso, estimated to be carrying a thousand persons, more than a week overdue from Havana, is believed to have been disabled by the gulf hurricane and stranded.

TRAIN IS DERAILED AND TIES UP TRAFFIC

(By Associated Press) SAUSALITO, Calif., Sept. 18.—An engine and three coaches of Eureka train No. 1 on the Northwestern Pacific, was derailed at Greenbrae near here. None was injured. Traffic was held up throughout the night.

DEATH ROLL MAY YET REACH FIVE HUNDRED

(By Associated Press) CORPUS CHRISTI, Texas, Sept. 18.—The death toll here and vicinity is now 256 and it is estimated that it will reach 500. Only one house remains standing at Port Aransas, a town of 600.

DISTRICT SCHOOL DEPUTIES.

State Supt. Hunting has notified the district deputies to attend a conference to be held in Carson City for three days, beginning Tuesday, September 23.

(By Associated Press) SAN FRANCISCO, Sept. 18.—President Wilson replied today to questions from the San Francisco League of Nations organization. He asserted that Great Britain could not out vote the United States in the league and that foreign governments could not, under the covenant, order American troops abroad. The league would have a powerful influence toward the restoration of Shantung to China. The United States would be obliged by Article X to aid Great Britain in suppressing a revolt in Ireland. Under Article XI there would be treated a new forum for questions of self determination.

Mr. Wilson said the consideration leading to the assigning of six votes to Great Britain was the self governing portions of the empire and were in effect self governing states. But the British cannot out-vote America because in every matter, except the admission of new members into the league, there must be a unanimous vote before action is taken.

JAPAN ASKED TO SAY WHEN WINDIEST MONTH IN 13 YEARS

(By Associated Press) HONOLULU, Sept. 18.—The liner Perla Maru received a special wireless from Tokyo saying Japan received a friendly communication from the United States asking when Japan would return Kiao Chiao to China.

It is almost impossible to convince a visitor that the recent experience of windstorms is anything unusual for this section of the desert, but the statistics of the local weather bureau prove it. For the first fifteen days of the month the wind record equalled the normal for the full month indicating just double the average blowing. The average for the month is 6,000 miles, while this month, which has been so stormy, registered 11,000 miles for three weeks with an average of eleven miles an hour. The hardest blow was the south-east on the eighth. Last year the maximum was thirty-three miles on the thirteenth. The highest velocity attained in the history of the station during September was forty-two miles an hour from the northwest in 1913 and 1915. The normal for the month is nine miles an hour.

ARMY OFFICERS GIVEN IMMUNITY BY MARCH

WASHINGTON, Sept. 18.—At the opening hearing before the house committee on military affairs on the army reorganization bill, Chairman Kahn secured from the chief of staff, General March, the assurance that army officers would be permitted to give the fullest expression to their views on this great question when appearing before the committee and that nothing in the nature of punishment through assignment to disagreeable posts of duty would be meted out to those officers who might take positions in opposition to the plan of the administration. It is believed that this assurance will make possible some extremely interesting hearings on the reorganization measure, which is a part of the republican legislative program for this session.

PARENTS' MEDITATION WINS WIFE DIVORCE

Mrs. Mayne Lefkowitz Lankershim hotel, was granted a divorce from Louis Lefkowitz, formerly of Tonopah and Goldfield, by Superior Judge John J. Nostrand of San Francisco, upon testimony that he was cruel, and that he permitted his parents to dictate to his wife in all affairs connected with the management of the household. She said he owns extensive mining properties. Property rights were settled out of court. They were married in February, 1913.

UNDERTAKER'S PLACE IS CHOSEN FOR SUICIDE

DUNSMUIR, Sept. 18.—R. W. Johnson, 74 years old, committed suicide here at the rear of A. A. Ward's undertaking parlor. He shot himself through the heart with a rifle.

Johnson had been living at the Ward home since the death of a brother one month ago.

He is thought to have been brooding over this.

The remains are being held until the arrival of Ward from San Francisco.

MOVES TO SAN FRANCISCO.

The Bair, of Goldfield, has gone to San Francisco where he will engage in the jewelry business. Mr. Bair enlisted shortly after the entrance of the United States into the war and as a member of the 70th division saw active service at the front. He came out of the conflict without injury, but a brother was fatally wounded the twenty-seventh time he went "over the top."

EMMA GOLDMAN MUST GO BACK FIRING SQUAD ENDS MEETING OF CANTU MEN

(By Associated Press) ST. LOUIS, Sept. 18.—A warrant for the deportation of Emma Goldman was served on her Friday at Jefferson City penitentiary, where she will finish September 27, two years sentence for obstructing the draft.

It was announced that Miss Goldman would be arrested as soon as she leaves prison and, unless she furnishes a \$15,000 bond, she will be jailed awaiting a deportation hearing. Government officials said they are confident they will prove two essential points—that she is an alien and an anarchist.

(By Associated Press) WASHINGTON, Sept. 18.—It is announced that a warrant has been issued for Alexander Berkman in addition to that for Emma Goldman, charging anarchy and looking to deportation. Berkman is in the penitentiary at Atlanta for obstruction of the draft.

WILSON SPENDS RESTFUL DAY

(By Associated Press) SAN FRANCISCO, Sept. 18.—President Wilson spent the day quietly at his hotel till he appeared for lunch and a speech at the Palace hotel. He was scheduled to leave here at 2:30 this afternoon for Oakland and Berkeley to review the school children of both cities and address the citizens of both municipalities tonight at the Oakland auditorium. Then he will leave for San Diego where he speaks tomorrow night.

WEDDING CARDS FROM VALLEJO

Wedding cards have been received announcing the nuptials of the son of a well known Tonopah pioneer. The notice read, "Mr. and Mrs. Albert Van Hulten announce the marriage of their daughter, Hazel Alice, to Mr. Sewell Alvin Knapp, Jr., on Sunday, the fourteenth day of September, 1919, at Vallejo, Calif." The bridegroom is the son of S. A. Knapp after whom Knapp avenue is named and who was a pioneer of Hawthorne and Candelaria, operating one of the largest stores in Nevada at Hawthorne, which then was the seat of Esmeralda county. The older Knapp also located the Ohio mine which later became the property of the West End Cons. and ranks as one of the best assets of that company.

FORECAST FOR THE WEEK.

Southern Rocky Mountain and Interior Regions: Generally fair weather with nearly normal temperatures.
